# LeetCode | GitHub | Linkedin | Portfolio

#### EDUCATION

### Kalinga Institute of Industrial Technology

B.Tech Computer Science

GPA: 8.91

EXPERIENCE

Bhubaneswar, Odisha September 2020 - July 2024

# FieldAssist | Software Developer

Gurugram | September 2023 - Present

- Developed and maintained web application user interfaces using Vue.js and Nuxt.js, adhering to best practices and coding standards, while collaborating with a team to implement features and resolve bugs.
- Contributed to .NET backend APIs, focusing on the development, maintenance, and optimization of server-side logic and database interactions.

#### HighRadius | Product Engineer Intern

Bhubaneswar, India | May 2023 - July 2023

• Developed predictive ML model for customer order forecasting, integrated into a Full-Stack Invoice Management App using ReactJS, Java Servlets, and JDBC for web development and database management.

#### SKILLS

Programming Languages: C, C++, Python , Javascript , HTML , CSS, VueJS Libraries/Frameworks: React JS, Express JS, Node JS, NuxtJS, Dot Net, vue JS

Tools / Platforms: Github, VS Code, Eclipse, Postman, Visual Studio Code 2022, Azure

Databases: SQL, MongoDB

## PROJECTS / OPEN-SOURCE

#### Food Delivery Application | Link MongoDB, ReactJS, NodeJS, ExpressJS, HTML, CSS, JWT

- Engineered a Food Delivery App using the MERN stack (MongoDB, Express.js, React, Node.js).
- Designed an intuitive React frontend for streamlined user navigation. Implemented secure user authentication with JWT for authorized access.

## B2B Order Amount Prediction | Link Python, Pandas, Seaborn, Matplotlib, Numpy, Scikit-learn

• Developed and implemented an efficient Machine Learning solution using Python, Numpy, Pandas and ML libraries to forecast customer order amounts based on historical customer behavior.

# Weather App | Link

HTML/CSS, JavaScript, RapidAPI

• Created a user-friendly weather app with HTML, CSS, JavaScript, and RapidAPI. Retrieves real-time weather data, hourly/daily forecasts, and includes an interactive map for multiple locations

#### CERTIFICATIONS

- HackerRank Problem Solving(Basic) HackerRank
- HackerRank Problem Solving(Intermediate) HackerRank
- HackerRank SQL (Basic) HackerRank
- HackerRank SQL (Intermediate) HackerRank
- AWS Academy Graduate Credly
- HackerRank React (Basic) HackerRank

# Honors & Awards

• Solved 200+ DSA Questions on Leetcode
