EDUCATION

Kalinga Institute of Industrial Technology   Bhubaneswar, Odisha
B.Tech Computer Science   September 2020 - July 2024
GPA: 8.82

EXPERIENCE

HighRadius | Product Engineer Intern   Bhubaneswar, India | May 2023 - July 2023
- Led the development of a predictive Machine Learning model for customer order forecasting. Integrated this model into a Full-Stack Invoice Management Application using ReactJS, Java Servlets, and JDBC for seamless web development and robust database management.

Flick2Know | Intern   Gurugram | September 2023 - Present
- Leveraged Vue.js and Nuxt.js to develop and maintain user interfaces for web applications, adhering to best practices and coding standards.
- Collaborated with a team of experienced developers to implement new features and resolve bugs, ensuring timely delivery of high-quality products.

SKILLS

Programming Languages:	C , C++ , Python , Javascript , HTML , CSS
Libraries/Frameworks:	React JS, Express JS, Node JS, VueJS, NuxtJS
Tools / Platforms:	Github, VS Code, Eclipse, Postman
Databases:	SQL , MongoDB

PROJECTS / OPEN-SOURCE

Food Delivery Application | Link   *MongoDB, ReactJS, NodeJS, ExpressJS, HTML, CSS, JWT*
- Engineered a Food Delivery App using the MERN stack (MongoDB, Express.js, React, Node.js).
- Designed an intuitive React frontend for streamlined user navigation.Implemented secure user authentication with JWT for authorized access.

B2B Order Amount Prediction | Link   *Python, Pandas, Seaborn, Matplotlib, Numpy, Scikit-learn*
- Developed and implemented an efficient Machine Learning solution using Python, Numpy, Pandas and ML libraries to forecast customer order amounts based on historical customer behavior.

Weather App | Link   *HTML/CSS, JavaScript, RapidAPI*
- Created a user-friendly weather app with HTML, CSS, JavaScript, and RapidAPI. Retrieves real-time weather data, hourly/daily forecasts, and includes an interactive map for multiple locations

To-Do List | Link   *HTML/CSS, JavaScript*
- Developed a user-friendly web app using HTML, CSS, and JavaScript to manage tasks efficiently.
- The application allows users to input tasks, track completion status, and delete tasks, all within an intuitive interface.

CERTIFICATIONS

- HackerRank Problem Solving(Basic) - **HackerRank**
- HackerRank Problem Solving(Intermediate) - **HackerRank**
- HackerRank SQL (Basic) - **HackerRank**
- HackerRank SQL (Intermediate) - **HackerRank**
- AWS Academy Graduate - **Credly**
- HackerRank React (Basic) - **HackerRank**

HONORS & AWARDS

Solved 200+ DSA Questions on Leetcode and got 2.5 stars
